

Chapter 12

I showered with the biggest grin on my face, I hadn't felt love like this ever and I felt wonderful. I dried and went to the wardrobe and got my outfit out. It was ggs night so we were representing where we had come from. I went with a boob tube with the Union Jack on, little blue hot pants. I wore red white and blue striped socks to the knee and some red tennis shoes. I did my make up and hair and sprayed my hair in patches of red white and blue also.

I knocked on Sacha door and she called out "come on in Toni ". I headed inside and Sacha was ready too. She had wore green and yellow to represent Australia and New Zealand. She wore her national flag across her chest in a boob tube and followed me but her outfit and hair had shades of green and yellow. "Wow Sacha you look awesome, you got legs to die for girl". She giggled and hugged me. "We are so gonna knock the guys out tonight". She screamed and we headed out to lido to meet up with the other 3 girls who had won a comp to represent their country in our surprise. They had held spots for us at the front of the stage and got us drinks. "you girls ready for this" they nodded and replied in turn "let's live it up ". The crowd was wired cause all 3000 ladies and gents knew what was coming up. We had 2 American girls and a German girl dressed in outfits like ours we were the leaders of this mystery event for the guys. We drank and danced while waiting for the guys to make an appearance. Then we heard Donnie announce them and we went crazy . I leant over to Sacha "are you ready for this?" "Yeah I'm so ready right now". We had to wait for the guys to come down onto the stage before we could start. I looked up and saw Joe stood there in a black vest and red kilt and my heart beated so hard in my chest. He looked so good right there, I was turned on so much. My nipples had begun to get hard. Must be the chill from the wind tonight. I looked into the bluest deepest eyes and fell in love all over again. He looked into my eyes has he noticed me and I noticed his breath halt. He was impressed with what he was seeing right now. He smiled and shook himself out of the trance he had been in. "Wow you guys have done your countries proud "he replied looking directly at me. I licked my lips which had gone dry. I smiled and whispered to Sacha "they got no clue what's coming, this is gonna be fun". "My god Donnie looks so hot tonight" she replied and I jumped along with her has the Dj played some music. "Guys shall we head down "Donnie asked and the crowd went mental. I looked to Earl and gave him the thumbs up. He was in on this surprise, he nodded. The guys came on the stage and the Dj stopped the music. We all reached down and placed our drinks down, getting ready. "Hey man what gives?" Donnie called up to the Dj. A couple of seconds later , the music started to Dirty Dancing and all the crowd began to dance. We were flash mobbing the guys and the look of shock on their faces was priceless. The five of us at the front moved to the steps and the guards let us onto the lido stage. I headed to my spot in front of Joe and danced sexy to him. He looked me in the eye and smiled. I swear I could see tears in his eyes. I moved close to him and turned around, I grabbed his hands and placed them on my hips, I took a look to either side and smiled has every other girl had done the same. We bent over in sink and then pushed our ass towards them has were made our way back up. We turned has one to face the guys and put our hands on their shoulders has the song came to an end. Earl came over to me with a mike and I took it. "Well I think we did it girls" I shouted out and the crowd went crazy and screamed and jumped around. "This is our way to show you guys how much we appreciate the last 25 years, I know that I and every Bh sister out there love you guys and were hoping for another 25 years". The crowd screamed again. I handed my mike back to Earl and we started to walk off stage. "Hang on girls where you going?". Donnie asked. I turned around and Joe came up to me and took my hand. Donnie took Sacha hand in his, the other guys followed

suit. "Wow we got flash mobbed on a boat, by the most amazing fans ever". Joe replied chocking up. I squeezed his hand. "You okay Joe?" I asked. He nodded and wiped a tear with his other hand. "We have the most amazing fans in the world, and we know how much love you have for us, but that was amazing girls, I feel so good and emotional right now " Donnie replied. Donnie wiped his eyes too. We had made the guys cry with our love for them. After them all commenting us, we were allowed to leave the stage. Joe whispered "you look beautiful tonight, I love it ". "You look good too Joe ". He kissed me on the cheek and helped me off the stage. We got down on the floor and everyone was so excited we had pulled it off. I got hugged by my Bh sisters and thanked for organising it all. I picked up my drink and clinked bottles with Sacha to a success. "We pulled it off babes" she said and hugged me. I grinned and said "because we are awesome". We danced and enjoyed the atmosphere for a while , then headed to the bar. Earl came over to us "Joe and Donnie want to see you guys". "We in trouble Earl?" He shook his head. I grabbed Sacha hand and we followed Earl up to VIP.

The guys were sat on a sofa chilling and having a drink. "Hey beautiful come here" Joe said . I walked towards him and he pulled me down onto his knee. I could feel him get hard underneath me. I looked at him and smiled. He kissed me and bit my lip, I loved that.

"So who was responsible for that out there?" Donnie asked. "That would be me, did I do something wrong?" I answered giving Donnie my killer watt smile. Sacha giggled at me, she was also sat on Donnies knee and he was stroking her ass tenderly with love. "No you just blew us away that must of took some organising" Donnie said impressed. "6 mths of planning and a lot of you tube vids, but I'm so glad we did it, that was our mystery event to you guys" I replied glowing with pride. He smiled and nodded "now we really got to up our game hey Joe" "hell man that ain't ever gonna be topped in my eyes that was a true memory to keep with me always". he replied choking up again. I kissed him kind the lips and wiped his eyes. "Hey Joe don't cry baby". I said to him smiling "they are tears of love babes". He pulled me closer for a kiss. When I looked around Donnie and Sacha had disappeared. "Where did the lovers go?" I asked Joe. "To a good place I hope to go to soon with you" he replied. I turned on his knee and straddled him. I put my arms around his neck and looked into his eyes. "Mac I'm so in love with you" he grinned and said "at last you said you love me "he replied and pulled me close for a kiss. He gripped my ass with his hands and squeezed. "mmmmmm that feels so good baby girl" "you feel so good right now mac". I moved and could feel him growing between my legs. "Hey guys sorry to interrupt, but Joe you and d dub need to entertain the girls out there right now" Jordan replied with a smile. "You have perfect timing Jordan" Joe replied holding me close. He needed sometime to get his package in check before I could move off him. "Someone mention my name" Donnie called coming in with Sacha her hair was messy and I could tell they had done some loving out there. "Come on Joe lets go" Donnie replied. I moved off his knee when I noticed him go soft and smiled at him. He smiled back and whispered "later baby". I nodded and slapped his ass. "Love a guy in a kilt so sexy" I called has he looked at me before heading to the Dj booth. "Wanna go check the guys out, or go back to our room and drink, I'm up for a late night swim". I asked Sacha. "You are crazy lets go back" she replied. "Hey Jordan were headed back to our room" I called. "I'll let the guys know". He said with a smile. We laughed and staggered back to the room, we'd brought a couple of bottles of champagne back with us . We popped the bottle and poured some drinks for ourselves and headed onto the balcony. I turned on the music system and started to dance about. Sacha laughed at me has I did a take on Jordan's dance. I nearly wet myself with laughing so hard at myself goofing about. "Come on let's go in the pool" I called and jumped in with my clothes on. Sacha laughed and joined me. "We having the time of our lives

"Hey girls what the hell are you doin, it's 2 in the morning" Donnie called to us. "Just having fun Donnie" I called back laughing. I whispered to Sacha and we bobbed under the water. "Okay after 3" I said to Sacha. "Oh boys wanna join us ?" I called and we both waved our tops in the air. "Damn babe you had to much drink" Joe called laughing. "Come on baby take off the kilt and join us" I called. Sacha was giggling the champagne on top of the other booze was making us brave. Next we held up our bottoms. "Come on Ddub you know you wanna?" She called. "Damn babe are you naked in there" he asked her. "Come and see or shall we come to you?" She answered. Joe was looking at me with fire in his eyes. "Damn I forgot this" I called and held up my thong. "guess I am now" I called. Joe dropped his kilt and dove in. "Man I can't resist no longer". He called swimming over to me. He took the glass from my hand and took a drink. "Mmmmmm almost has tasty has you" Joe whispered in my ear, his hands finding my ass and checking I was truly naked. "Come on babes let's head inside" Donnie said to Sacha and we heard her swim towards him. "So you wanna head inside or stay here?" I asked Joe. "Oh I'm enjoying it in here just fine" he replied grabbing me closer. My hands went round his waist and I felt his boxers. "so care to join me mac" I said seductively . He took off his vest and threw it to the side. I took the glass off him and drained it. He smiled at me "be better if it was the sea, I've always wanted to do that" I replied putting the glass on the side. I swam back to him and put my arms around his neck and wrapped my legs around his waist. "You are crazy Toni, but I love ya" he pulled me closer and kissed me. I giggled enjoying the moment of complete abandonment. "I do get a bit free after some drinks, I'm a light weight". He laughed and kissed me . His tongue explored my mouth tasting every bit of me, I moaned and felt myself being turned on . My nipples were now erect against his chest and he gave me a little grin as he deepened the kiss. He began to swell and I noticed it swell against my pelvis. I smiled at him and stroked my hands through his hair. He held me by my butt and squeezed me closer to him. I took a breath and kissed him back. We made out in the pool and Joe check the coast was clear before we both ran naked back to my room. I leant on the door and closed it laughing, not believing we had been has brave has that out there. Joe came over to me and hugged me. "I'm gonna miss this, and you" I nodded. "You've made me feel like a new man and I don't want to ever forget that". "I'll not forget these 4 days Joe, you are awesome" I replied pulling him close and kissing him, I couldn't get enough of this guy. "I wish I could spend the last day totally alone with you" he replied looking in my eyes. You could lose yourself in those baby blues and I had, how could I ever look in any others and feel this way.
