

## Chapter 8

Has soon has the door closed he kissed me full on. I pulled away even though I didn't want to. "I thought you wanted to talk Joey?"

"I do but you've been driving me crazy all day, I wanted to feel your lips on me so bad" he replied. I sat on the couch and nodded for Joe to join me. He sat next to me and held my hand. I looked into those baby blues and felt my heart melt, man this guy would kill me . "I didn't regret last night at all, I wanted you so bad" he said squeezing my hand. "So why did you leave me ? I asked. He sighed and spoke "I didn't want the guys to talk, I'm going through a lot of shit right now and didn't want them to think I did it through rebound" "why would you do it through rebound Joe you still married right? I asked. He looked sad at that moment and my heart cracked a little. "Barrett left me, a couple of months ago" he replied. I squeezed his hand and said "oh Joe I'm so sorry" "she's got some other guy who spends more time with her, apparently I don't spend enough with her". "But doesn't she understand about you guys and all of this? I asked. "She couldn't deal, I met her back when we weren't a band and I guess she never understood what we have with the fans" he replied. "So was I a rebound thing? I asked hoping for the answer I wanted to hear. "No you wasn't ever since last year you've been on my mind, man I felt I was cheating even though I wasn't, but all along my wife was sleeping with some other guy behind my back" he chocked out those last words. Tears had gathered in his eyes. I hugged him and squeezed him close. "She doesn't deserve you Joe, I know it's hard shit I still think every day about my husband and what I did so wrong for him to leave" I replied. "It's the kids what hurts the most, yeah I get to see them all the time, but I can't help but think of them and how much it hurts to have their parents living apart". "I don't know how that would feel, we never had children, we couldn't which is a blessing now, but it hurts to know they are expecting a baby now, so it must be me" I replied. He looked at me. "It'll take time Joe ,but trust me life will get easier to handle in time" I replied. He hugged me closer and whispered in my ear "I'm sorry for being a dick, but I just got scared I guess cause I felt something for you, I ain't felt before". "why don't we take each day as it comes, if things get to heavy talk to me, don't walk away, I'll understand Joe but we have to be honest with each other okay" I replied. He nodded. "How have you kept the break up so quiet? I asked. Knowing the media around the guys I'm surprised it hadn't got out yet. "We've kept everything low key for the kids, but the fans will find out soon I'm sure" he replied. I nodded knowing when they did all hell would break loose and they would go crazy knowing Joey was a free man again. "So can I kiss you again? He asked smiling at me and his blue eyes had a twinkle in them. I nodded shyly and he leant closer to me. He kissed me and I felt the heat rise through my body. "Donnie was one lucky guy out there" he whispered and kissed me again with more passion. I felt his tongue part my lips and guide inside my mouth. The kiss got more passionate and I grabbed Joes shirt and pulled him closer. He kissed my neck and I felt goose bumps all over. I moaned from the pleasure, he made his way back to my lips. His hand pulling my top further down. "Fuck Toni you make me crazy for your ass" "you have the same affect on me too". I undid the buttons on Joes shirt and felt the skin on his stomach. I guided my hands down further to his waistband and Joe let out a groan. "Have we got time for this ? I asked. "Fuck we'll make time" he replied removing my top and my bra. His mouth was there and it felt great, he nibbled on my nipples and I felt the fire burn deep down. "Joe your driving me crazy" I said

kissing his neck. He picked me up and wrapped my legs round his waist. We headed to the bedroom. He kicked the door shut and placed me on the bed. He stroked up my legs to my groin and followed with his lips, nibbling my body. "You taste so good" he groaned. He undid my shorts and pulled them off. He stood and removed his jeans. He got back on the bed and straddled me. He leant down and kissed my stomach. I arched my body to meet his. "please Joe I want you so bad right now." He looked at me and smiled and removed his boxers. I followed suit and removed my thong. He guided my legs apart and kissed me again. It was fast and hot neither of us could wait for this. He was so hard and I felt him push against me. I opened my legs wider and took I'm in. I moaned as I felt him fill me up. He went slow and I moved my hips to meet him. "God Toni you feel so good" he groaned and began to increase his speed. I put my hands round his waist and gripped on as I felt myself coming closer to release. "Please Joe I can't hold on much longer" I moaned. He went faster and harder, I didn't think I could take him all in but he fit me pretty well. I screamed out as he hit my g spot and I came so fast. He thrust a few more times and he came too. I could feel him all hot inside me. He collapsed on top of me and I held him close. I kissed his lips and said "wow that was amazing". He smiled at me and said "I wanna be the only guy you think about". "how can I think of anything else after that. Joe moved off me and I felt cold. He laid next to me and pulled the covers up over our waist. I leant my head on his chest and stroked his body. "So tell me what is it with you and Danny? He asked. I looked at him and replied "it's just harmless flirting we agreed if we got together he would back off, why you worried? . He shook his head and said "no he's a good guy, but I want to be the only guy who gets that close to you". I smiled and kissed him. I could feel him start to harden again. "Why Joe you can't be ready again" I said with a smile. He smiled back and said "oh yes you turn me on so bad". He pulled me on to him and I straddled him. "I want you so bad" he moaned as I grinded against him.
